Somalia's Leading Agro-Industrial Group

PUNT GROUP is a fully integrated trade and agro-industrial conglomerate headquartered in Bosaso, Puntland — operating across livestock, marine services, energy, food processing, and logistics since 2008.

Founded and led by Karshe Mohamed Said, a Somali-Dutch entrepreneur, PUNT GROUP has grown from a livestock export operation into a diversified industrial group

02 · OUR DIVISIONS

Four Industrial Divisions

01

Core Agro-Industrial Operations

LIVESTOCK · DAIRY · OIL ·
FODDER

100-hectare integrated ranching and processing complex. 12,200 livestock heads — camels, cattle, goats and sheep — combined with a milk powder factory, cold-press oil plant, and 40-hectare hydro-irrigated fodder farm. Full energy sovereignty via 750 kW solar.

12,200 LIVESTOCK

750 KW SOLAR

DAIRY PROCESSING

145 STAFF

\$4,856,600

02

Meat Processing Factory

SLAUGHTER · COLD STORAGE ·
EXPORT

Industrial-grade halal-certified slaughterhouse and meat processing facility with 4 cold storage chambers, vacuum packaging, and export-grade distribution. Integrated with the livestock division for full supply chain control. 400 kW solar powered.

HALAL CERTIFIED

400 KW SOLAR

COLD STORAGE

70 STAFF

\$1,319,000

03

Animal Feed Factory

04

Food Factory

FEED MILL · PELLETS ·
DISTRIBUTION

Industrial feed mill producing pelleted and bulk animal feed for the entire PUNT GROUP livestock ecosystem and regional market. Equipped with hammer mills, batch mixers, pellet presses, and a full 1.5 MW solar array. 48-vehicle distribution fleet delivering to farms across the region.

1.5 MW SOLAR

03 · OUR HISTORY

18 Years of Building

2008

Company Founded

PUNT GROUP established in Bosaso, Puntland with a focus on livestock export and trade

2018-2022

Digital Fleet & Logistics

Implemented GPS digital tracking system across the entire transport fleet. Expanded to Kenya and Ethiopia.

services. First export operations begin to Gulf markets.

2010-2015

Livestock Scale-Up

Expanded livestock operations across Puntland. Established veterinary certification protocols and regional market presence in Saudi Arabia, UAE, and Oman.

2016

Energy Division Launch

Constructed and opened the largest fuel depot in Bosaso. Entered the energy sector serving major industrial clients across northern Somalia.

Launched marine services and port logistics division.

2024

1.5M Livestock

Milestone

Surpassed 1.5 million heads of livestock exported since founding. Trained over 500 professionals contributing to Puntland's workforce.

2026

Master Plan 2026

Launching \$9.8M integrated agro-industrial complex — 4 divisions, 310 employees, 4,150 kW solar, 137 vehicles, 100 hectares of industrial sovereignty.

04 · SCOPE OF WORK —

Core Business Sectors

Livestock Export

Camel, goat, and sheep export to Middle East markets. Certified quarantine facilities, veterinary inspection, and export logistics. Over 1.5M heads exported since 2008.

Agro-Industrial Processing

Milk powder, cold-press oil, meat processing, animal feed, and food manufacturing — 4 integrated production facilities powered by 4,150 kW of solar energy.

Energy & Fuel

Largest fuel depot in Bosaso. Solar energy infrastructure across all facilities. Renewable energy investment in photovoltaic and battery storage systems.

Marine Services

Ship maintenance, port logistics, maritime security services, and coordination at Bosaso Port. Partnerships with DP World, Maersk, and MSC shipping lines.

Transport & Logistics

137-vehicle fleet with GPS tracking. Freight forwarding, customs clearance, refrigerated transport, and last-mile distribution across the Horn of Africa.

Trade & Import/Export

Importation of essential commodities and export of Somali produce. International trade facilitation linking Puntland to Gulf, Asian, and European markets.

Hybrid Solar Power Plant

A Unique Value Proposition

Available in Somalia & Horn of Africa through PUNT GROUP

KZ Power — Industrial Hybrid Solar Power Plant | Proven Globally since 2014

WHY KZ POWER HYBRID SOLAR?

Cost REDUCTION

Cut energy bills by
up to 80% via solar

Cost STABILIZATION

Eliminate unpredictable
fuel price fluctuations

Self-Generation

Own your power —
zero grid dependence

Fuel Savings

Less diesel = lower cost
+ longer genset life

SYSTEM PACKAGE INCLUDES

- >> 390,240 Wp DC Hybrid Solar Power Plant
- >> Superior Efficiency PV Modules
- >> 4 x 80kWp DC PV Inverters
- >> FuelSave® Control System
- >> Remote Monitoring & Datalogger Software
- >> Complete Design, Installation & Commissioning
- >> 2 Years Full Warranty Included
- >> On-site Training & Handover

Our Value Proposition

- 390,240Wp DC Hybrid Solar Power Plant
 - Superior Efficiency PV modules
 - Roof solar mounting structure
 - 4x80kWp DC PV inverters
 - PV1-F Solar PV cables
 - AC cabling and cable trays
 - AC boxes including surge protection equipment
 - Remote Monitoring software with datalogger
 - FuelSave® Control Sytem
- 2 years warranty
- Complete system design, Solar DC and AC installation supervision, commissioning&handover, on-site training in English

07 · MISSION, VISION & VALUES ———

Our Purpose

M

MISSION

To provide high-quality business services based on transparency and professionalism, utilising modern systems to boost the regional economy and international trade relations.

V

VISION

To be the largest and most trusted company connecting African trade with global markets, serving as a model for private sector excellence in the 21st century.

T

TAGLINE

"Capable youth to build careers that serve their communities."

Transparency

Open and reliable operating systems throughout all business activities and partnerships.

Quality

Rigorous quality assurance adhering to ISO standards across all operational divisions.

Innovation

New technologies integrated into logistics, energy and processing to reduce time and costs.

Trust

Lasting relationships built on integrity, responsibility and consistent delivery.
